

INSURANCE ELIGIBILITY AND FAQ

Healthcare insurance coverage depends on the patient's insurance provider and selected healthcare plan.

Most insurance providers cover:

- General physician consultations
- Diagnostic tests
- Telehealth follow-up visits
- Preventive healthcare services

Insurance coverage for specialist consultations may require prior authorization.

Patients are advised to verify insurance eligibility before scheduling appointments.

Claim Processing:

Insurance claims are generally processed within 7 to 14 business days.

Required Documents:

- Valid insurance card
- Government-issued identification
- Referral letter if applicable

Telehealth Coverage:

Some insurance plans cover telehealth consultations for follow-up appointments and chronic disease management.

Coverage limitations may vary between providers.

Patients should contact their insurance provider for detailed coverage information.
